Strategy Annex 1: Outputs table	3
Strategy Annex 2: Indicators table	11
Strategy Annex 3: Budget table	12

This document includes the annexes of Global Shelter Cluster Strategy 2018 – 2022. The back cover of this document provides an overview of the strategy. There are separate documents which provide the narrative of the strategy and an executive summary (these can be downloaded from the <u>GSC website</u>).

### Strategy Annex 1 Outputs table

In order to achieve the results in the strategy the following actions need to be implemented by the Global Shelter Cluster, by countrylevel clusters and by individual partner agencies.

STRATEGIC AREAS AND RESULTS	INDICATORS	TYPE	BASE- LINE*	TARGET 2020*	TARGET 2022*	MEANS OF VERIFICATION
<b>1</b> COORDINATION Coordination contributes to an effec- tive and accountable responsee	% of stakeholders who are satisfied with the performance of the Shelter Cluster (country-level and glob- al) disaggregated by internal and external	Out- come				Annual survey administered to stakeholders
<ul> <li>1.1 Predictable, timely, effective support and services for Shelter Clusters</li> <li>1.2 Strengthening area-based coordination and promoting</li> </ul>	Average time (hours) in which a trained and experienced coordinator is de- ployed to newly activated country-level clusters	Output				Deployment / mission re- ports, requests from country- level clusters for support
settlement approaches 1.3 Facilitating transition to recovery coordination 1.4 Effective inter-cluster coordination and joint response planning	% of country-level clusters that undertake the performance monitoring (CCPM or equivalent tool) and imple- ment action plan recommendations at least once per year.	Output				SAG meeting minutes, GSC website, country Action Plans
2 ADVOCACY Increased recognition of shelter and settlement in humanitarian response and recovery	% of total funding allocated to Shelter Sector, disaggregated by region and crisis type	Out- come				FTS or country-level Factsheets data
2.1 Strengthened understanding of shelter and settlements's critical						
multi-sectoral impact 2.2 Increased donor and agency engagement and support for shelter and settlements sector 2.3 Critical funding and response gaps are monitored, communicated	# of advocacy statements/positions established and regularly updated	Output				GSC website
and supported 2.4 Engaging others: appropriate urban assistance, cash and markets programming, area based approaches	% of people assisted vs people target- ted, disaggregated by region and crisis type	Output				GSC website
3 EVIDENCE-BASED RESPONSE Shelter response informed by evi- dence, best practice and learning 3.1 Evidence available and used to inform	% of cluster partners reporting that response strategies are "appropriate" based upon the existing evidence	Out- come				Annual survey administered to stakeholders
planning, coordination and decision 3.2 Key shelter and settlement evidence	Summary of shelter lessons learned is regularly collected and disseminated	Output				Global publications
gaps filled 3.3 Knowledge Management systems in place to capitalise on lessons learnt as well as best practice in order to bring about change in sector policy and practice	% of shelter cluster coordinators and partners reporting that they have access and use evidence, learning and best practice	Output				Annual survey administered to stakeholders
4 CAPACITY Shelter sector capacity to address ongoing and emerging challenges	% of cluster coordination team mem- bers who feel prepared/have access to tools to address ongoing and emerging challenges	Out- come				Annual survey administered to stakeholders
<ul> <li>4.1 Increased and localised shelter response capacity</li> <li>4.2 Country workshops and HLP</li> </ul>	# of people who complete the Human- itarian Shelter Coordination Training (HSCT)	Output				Participants lists
<ul><li>4.3 Shelter responders apply cash modalities appropriately</li><li>4.4 Analysis of sector future response needs &amp; capacity</li></ul>	# of people with HSCT who are deployed in deputy/junior coordination roles to country-level clusters	Output				Mission/deployment reports

## Strategy Annex 3 Budget table

Note: this budget does not cover all global shelter sector development and support needs but reflects minimum to maintain global shelter cluster capacity and make progress in some key cluster related issues. It does not cover national sectoral coordination support nor operational needs.

## Global Shelter Cluster Strategy 2018 - 2022

### AIM

### STRENGTHENED SHELTER AND SETTLEMENTS RESPONSES THAT BUILD RESILIENT COMMUNITIES

Coordination contributes to a localised, predictable, effective and timely response

1.1 PREDICTABLE, TIMELY, EFFECTIVE Support and services for Shelter Clusters

#### 1.2 LOCALISED AND AREA-BASED

Strengthening areabased coordination and promoting settlement approaches

#### 1.3 TRANSITION TO RECOVERY

Facilitating transition to recovery coordination, enhancing engagement with governments and development actors

#### 1.4 INTEGRATED RESPONSE

Effective inter-cluster coordination and joint response planning approaches

Increased recognition of shelter and settlement in humanitarian response and recovery

#### 2.1 IMPORTANCE OF SHELTER

AND SETTLEMENT Strengthened understanding of shelter and settlement's critical multi-sector impact

#### 2.2 ENGAGEMENT

Increased donor and agency engagement and support for shelter and settlements sector

#### 2.3 RESPONSE FUNDING

Critical funding and response gaps are monitored, communicated and supported

#### 2.4 INFLUENCING

Engaging others: appropriate urban assistance, cash and markets programming, area-based approaches

Shelter response informed by evidence, best practice and learning

#### 3.1 AVAILABLE AND USED

Evidence available and used to inform planning, coordination and decision making

#### 3.2 EVIDENCE GAPS FILLED

Key shelter and settlement evidence gaps filled

#### 3.3 CAPITALISATION

Knowledge management systems in place to capitalise on lessons learnt as well as best practice in order to bring about change in sector policy and practice

Shelter sector capacity to address ongoing and emerging challenges

4.1 SKILLS Increased and localised shelter response capacity

4.2 PREPAREDNESS Country workshops and HLP

4.3 UTILISING CASH AND MARKETS Shelter responders apply cash modalities appropriately

4.4 FUTURE OF SHELTER AND SETTLEMENT Analysis of sector future

response needs and capacity
